**CATALOG**

**CM Industry Supply** is a leading solutions provider of automation products in APAC and Gulf. We have hands on experience with world class brands such as Danfoss & Vacon, ABB, Unitronics, Siemens ,SEW , NORD , Lenze , KEB , and Inovance. We serve all major industries with a key focus on Steel Mills, Elevators, Motor & Gearbox, Pharma Machinery, Laser Machinery, Textile, Packaging , & Printing , HVAC , Food Processing and other OEM's .

### Domains

Airport - BHS	Material Handling
Ash Handling	Oil & Gas
Automation IT	Paper
Automotive	Pharma
Boiler	PolyFilms
Building Management	Power Generaion
Burner Management	Power Transmission
Cement	Special Purpose Machines
Chemicals	Steel & Metals
CNG Compressor	System Upgradation
Emergency Systems	Textile
Food & Beverage	Tyre
Fume Treatment Plant	Water Treatment
HVAC Refrigeration

# MADE BY ANYONE

## Sales , service & programmed by US

**Unified** Source for all Industrial Automation needs such as  
Procurement  
Repairs,  
Programming  
Machine Upgradation

**Your exclusive partner for various types of electrical and electronics servo motors drives & Robotics products from the Industry leading brands.**

### VALUE PROPOSITION

Repair Service - Decreases service cost by increasing the Mean time between failure.  
Programming - Programming and commissioning of obsolete industrial Goods with current models.  
Online Sales Platform of industrial goods  
Machine Upgradation

### FEATURES

AMC for VFD , HMI , Drives , Servo drive  
AMC for servo Motor like Bearing Change, Overhaul  
AMC for ACB , VCB .  
AMC for CNC machine vibration Calibration  
Root cause Analysis  
Project Management - Machine Installation ,  
Software Upgradation , DCS integration ,  
SCADA Development , IIOT .

### ACTIONS TAKEN TO DIAGNOSE PROBLEMS:

- Your equipment is thoroughly cleaned to remove all contamination
- Diagnostic tests are used to locate any inoperative components
- Circuit analysis isolates marginal components
- Aged as well as marginal components are replaced to support long-term performance of the unit
- State-of-the-art equipment verifies total circuit board quality
- Circuit boards are coded and tagged
- Handling, packaging and shipping are performed in a static-free environment
